Important Nutrition-Related Updates & Events at UofSC

SAVE THE DATE:

UofSC Nutrition Research Symposium: Share, Discover, Connect

When: March 25, 2022

Where: UofSC Alumni Center

We are excited to continue our annual in-person symposium this coming Spring. More information will be available soon.

South Carolina

We are excited to announce that we will continue our annual in-person symposium this coming Spring on **March 25, 2022**. More information on this event will be available soon. Check out our symposium page for updates and information on previous symposia.

More Information

Dr. Elizabeth Adams is our newest Nutrition Consortium Faculty Affiliate! Dr. Adams' research includes the promotion of healthful dietary patterns to prevent pediatric obesity and reduce health inequities. Her work investigates parenting and family-based influences on behaviors related to child obesity risk (e.g., nutrition, sleep patterns), in order to prevent the intergenerational transmission of obesity. She also conducts investigations on federal nutrition policies (e.g., National School Lunch Program) to ensure children from all income levels have access to healthful nutrition for chronic disease prevention. Welcome Dr. Adams!

The Student Nutrition Group hosted their welcome back event this past month! The organization has some very exciting plans for the upcoming semester. If you would like to learn more please email sosng@mailbox.sc.edu, and sign up to join the group on Garnet Gate.

2ND AFRICA FOOD ENVIRONMENT RESEARCH NETWORK (FERN2021) MEETING

THEME: FERN for African Food Environments Transformation

WEDNESDAYS:
3RD, 10TH & 17TH
NOVEMBER, 2021
ONLINE VIA ZOOM

DETAILS & REGISTRATION
meals4ncds.org/fern2021
Connect with us @meals4ncds

The [MEALS4NCDs Project](https://meals4ncds.org) and partners (INFORMAS, REPSAO, DFC, Others) will convene the second Africa Food Environment Research Network Meeting (FERN2021) on **Wednesdays: 3rd, 10th & 17th November 2021**. The MEALS4NCDs project is focused on measuring and supporting public sector actions that create healthy food marketing and food provisioning environments for children and adolescents in Ghana, with the aim to prevent obesity nutrition-related NCDs.

Have some research you'd like to present? **Submit an abstract!** **The deadline to submit is October 1, 2021.** For more details and updates, including abstract submission guidelines, please visit the website below.
